Education

University of North Carolina at Chapel Hill — **Chapel Hill, NC**
B.S. Environmental Sciences — Aug 2025 – Present

Kasetsart University — **Bangkok, Thailand**
Study abroad coursework in Sustainable Energy Systems. — May 2026 – Jun 2026

North Carolina State University — **Raleigh, NC**
Aug 2024 – May 2025

Work Experience

Hurlbert Lab — **Chapel Hill, NC**
Ecology Lab Assistant — Sep 2026 – Present

- Extract and clean avian diet information from scientific literature into a collaborative database; utilize R to validate, analyze, and interpret results.
- Manage research data using GitHub, working synchronously with lab members and integrating repositories directly into the R console for efficient analysis and live updates.
- Manually process caterpillar frass samples received from external institutions using microscopy; measure and document samples with a milligram-precision analytical balance.
- Collaborate with lab members during weekly meetings to investigate avian occurrence trends using the Global Biodiversity Information Facility to access standardized iNaturalist data.

The Water Institute at UNC — **Chapel Hill, NC**
Water Policy Mapping Intern — Aug 2025 – May 2026

- Conducted research on international water policy by identifying relevant data sources, evaluating source credibility, and extracting and organizing information into collaborative datasets.
- Validated and reassessed existing datasets for accuracy, completeness, and relevance, improving data quality through standardized formatting and organization.
- Analyzed and visualized water policy data using Microsoft Excel and Tableau, creating interactive charts, graphs, and maps to communicate key findings.

Volunteering

NC Zoo — **Asheboro**, **NC**
Conservation Educator — Jul 2022 – Oct 2022

- Educated Zoo guests on animal conservation, human behavioral impacts on the ecosystem, and local and global efforts of the Zoo.
- Maintained an engaging workspace offering interactive experiments and visuals for Zoo guests, emphasizing connection and lasting impact.
- Supervised guests to recognize signs of heat stroke or distress and call for help when necessary.
